3 4 This paper will talk about an idea that will
1 1 2 come into view soon. The item that was found
1 1 2 in the study that this paper will talk about
3 2 is the most novel idea that has been seen
1 1 4 in quite a few days. We thus would tell
1 1 those that come to this paper to read and
1 1 3 think about its ideas with great care. It is
1 vital that this very new idea does not find
4 1 its way into the hands of our enemy and
1 3 thus you will not share the info that is
4 1 in this paper with any other lab aide. This
1 1 rule must be held to the exact ideal that
4 3 is laid out here for the sake of all.
